* Danville Utilities requires an AHRI reference # or documentation from the AHRI Manual to verify the required efficiency level for all HVAC systems. If the equipment or matched set is not in the AHRI manual, the manufacturer's technical specification sheets must be provided showing the efficiency level tested under AHRI conditions. Equipment capacity (size) and efficiency must be based on AHRI design conditions.

3 Acceptance of Terms

Terms and Conditions (cont.)

Applicable to all rebate requests: I certify that the information provided on this application form is accurate and complete. I understand that the proposed incentive payment from Danville Utilities is subject to change based on availability and approval. I understand that Danville Utilities reserves the right to revise incentive levels and/or qualifying efficiency levels at any time. I understand that I must attach acceptable forms of proof of purchase and installation details to application or submit to Danville Utilities within 90 days after installation and after equipment becomes operable in order to be eligible for a rebate. Acceptable forms of proof of purchase include paid invoices or receipts. The documentation must show item numbers, and quantities. Additionally, the post-installation documentation must include manufacturers' specifications that list the efficiency ratings of the equipment. I understand that Danville Utilities may, at its sole discretion, accept other forms of proof of purchase. I understand that all installed measures must be new. No refurbished measures will be accepted. All new installations must be intended to replace existing equipment. I understand that installation must be performed by a licensed contractor or self install. I understand that the proposed rebate payment is subject to change, based on site verification and Danville Utilities approval. I agree to Danville Utilities site verification of both the sales transaction and equipment installation, which may include a site inspection by a Danville Utilities representative or Danville Utilities agent. I understand I may or may not be allowed to receive more than one incentive from Danville Utilities. I understand no rebate can exceed the rebate caps as laid out in the program manual. I also understand my participation in the program may be taxable and that I am solely responsible for paying all such taxes. I hereby agree to indemnify, hold harmless and release Danville Utilities and its affiliates from any actions or claims in regard to the installation, operation and disposal of equipment (and related materials) covered herein including liability from any incidental or consequential damages. Danville Utilities does not endorse any particular manufacturer, product or system design within this program; does not expressly or implicitly warrant the performance of the installed equipment (contact your contractor for details regarding equipment warranties); and is not liable for any damages caused by the installation and/or operation of the equipment nor for any damage caused by the malfunction of the installed equipment.

A customer's election to participate in the Program means that the customer is consenting to the possibility of Danville Utilities sharing that customer's pertinent information with Danville Utilities' agents, contractors, wholesale power suppliers and PJM LLC. Pertinent customer information includes, but is not limited to account holder name, address, other contact information and other information necessary to implement and monitor the Program. Rebate amounts are subject to regulatory modifications without notice and Program availability until fully subscribed. Projects must be complete before rebates will be paid. Rebates cannot be reserved.

Eligibility Rules

1. Customer must comply with all Terms & Conditions above. Installation must have occurred within the past 90 days of application submission.
2. Customer must be classified as and served under a Danville Utilities Worship Sanctuary Service (Rate Schedule 15), Small General Electric Service (Rate Schedule 40), Medium General Electric Service (Rate Schedules 50, 55, 56) or Large General Electric Service (Rate Schedules 60, 65, 66) rate schedule.
3. Rebates are capped at 50% of the eligible project costs or \$20,000 per customer per year, whichever is lower.
4. Only equipment retrofits are eligible for rebates. New construction, re-purposed buildings or major-renovation projects are not eligible.
5. HVAC contractor must complete Contractor Information section of application, if applicable.
6. Energy efficiency project must be installed between July 1, 2017 and June 30, 2019.
7. Customer must submit completed application, W9 form, required proof of purchase and AHRI information/manufacturer's specification documentation.

I certify that all statements made in this application (including attachments) are correct to the best of my knowledge and agree to the terms and conditions of this Program set forth above.
